Gentlemen:

This letter is in response to the March 8, 1991 letter from CDH concerning our second request for extension for submittal of the Plan for Prevention of Contaminant Dispersion (PPCD). In our second extension request, we proposed a July 22, 1991 date based upon the amount of time necessary to revise the scope and technical approach of the document. In the March 8 letter, additional supporting information for the extension was requested. This information was discussed with your staff in a meeting held March 7, 1991 and summarized in the attachment.

Should you have any questions please feel free to contact Scott Grace of my staff at 966-7199.

Sincerely,

David P. Simonson
